

WARSHIPS READY FOR GREAT REVIEW

New York Board of Aldermen Declare Thursday a Legal Holiday.

New York, October 31.—Officially New York will observe Thursday, so far as possible, as a holiday, in honor of the presence here of 100 United States warships, the largest assembly of floating guns and armament ever attempted by the United States navy. The Board of Aldermen to-day unanimously adopted a resolution requesting the heads of city departments to allow employees a holiday Thursday, when President Taft reviews the big fleet.

Large crowds continue to pour in from out-of-town points to-day, and the warships were overrun by the sightseers.

The illumination of the fleet was repeated to-night, making the Hudson River look from a distance like an immense summer amusement park. More than 150,000 electric bulbs outlined the towering military masts and the long hulls. It is estimated that more than 100,000 persons witnessed the beautiful sight.

The 25,000 officers and men to-day put the ships in readiness for the inspection to-morrow by Secretary of the Navy Meyer, who reached the city to-day.

FASTER THAN TRAIN

Lloyd Holcomb Wins in Race With Father's Locomotive.

Winsted, Conn., October 31.—Mounted on a motorcycle, Lloyd Holcomb yesterday raced his father, John Holcomb, passenger engineer on the Central New England Railway, from Collinsville to Winsted, a distance of twelve miles. The boy won by a narrow margin, arriving at the local station in time to dismount and board the train driven by his father pulled in.

Young Holcomb was on his way here from Hartford on his motorcycle when he saw his father in the lead of the passenger train leaving Collinsville. Train and motorcycle speeded alongside each other, and passengers were amazed to see that the young man was faster than the train.

After traveling nearly neck and neck for about a mile and a half, father and son parted company. The train stopped to discharge passengers young Holcomb gained so much ground that his father could not overtake him in the last six miles of the journey.

Gardner, who gave 62 North Eighth Street as his address, was held without bail by Magistrate Morris to-day until doctors may examine him for his mental condition.

The woman who was so roughly used was wife of this W. Walker, of 146 Fifth Street, who is a member of the Richmond baseball team. But Policeman Gough had seen the assault and described it. Mrs. Walker, he said, was walking at Twenty-fourth and Huntington Streets when Gardner, who is about fifty years old and well dressed, threw his arms about her and she felt to the side.

As he stood over her he shouted: "You're a member of the salvation Army; you're one of the people who won't give me enough to eat."

SOCIALIST IN LEAD

Incomplete Returns From Election in Los Angeles.

Los Angeles, Cal., October 31.—Incomplete returns from 225 precincts of 243 give the following vote for Mayor in to-day's municipal primary:

Job Harriman, Socialist, 6,763; George Alexander, Republican Good Government, 5,266.

These figures indicate that Mayor George Alexander, nominee of the Republican "Good Government" forces, and Job Harriman, Socialist candidate, will make the race for Mayor. Both will fall far short of a majority on account of the strong support given by Muehl. A majority vote in the primary would elect.

RICH MAN'S CHILD A SLAVE

Case of Distiller's Daughter to Be Taken Up by Federal Officials.

Cincinnati, O., October 31.—Federal authorities here will prosecute a case of white slavery. Chief of Police Jackson says, on a complaint made to him to-day by Cletie Waddle, twenty, against Mrs. Mattie Chestnut. The girl said her father is a rich distiller, and has a farm of 200 acres in California.

The Chestnut woman had lived nearby in Somerset, and after moving to California she had a girl, according to her story, urging her to come on a visit. Having accepted the invitation, she found herself captive.

These figures indicate that Mayor George Alexander, nominee of the Republican "Good Government" forces, and Job Harriman, Socialist candidate, will make the race for Mayor. Both will fall far short of a majority on account of the strong support given by Muehl. A majority vote in the primary would elect.

PLAN TO UNITE VETERANS

"Blue and Gray Legion" of War's Survivors May Be Organized.

Chicago, October 31.—Veterans of the Northern and Southern armies are to be united in a "Blue and Gray Legion." It plans of a number of survivors of the war of fifty years ago meet with success.

An informal meeting was held here last night to discuss the advisability of such a union, which, if organized, will take in all the organizations of sons and daughters of the veterans and Spanish-American War veterans.

A committee was appointed to devise a plan of union to be presented later.

Our object, said one at the meeting, was to smooth over whatever may be left of the wounds of the Civil War.

SHOWED BINFORD PICTURES

Manager Convicted for Exhibiting Improper Films.

Durham, N. C., October 31.—T. F. Wilkerson, manager of a local moving picture establishment, was convicted to-day on the charge of exhibiting improper pictures. He recently exhibited a set of films purporting to portray events in the life of Beulah Binford, the seventeen-year-old "girl in the case" in the Beattie murder trial in Richmond.

Judge Sykes, in the Police Court, decided to have the pictures introduced as evidence by the defense, holding that the girl's life history could hold no good or moral lesson. Sentence was deferred.

RETURNS TO HIS HOME.

De Garroschi Thinks Detention in New York Due to Mistaken Identity.

(Special to The Times-Dispatch.) Lumburg, Va., October 31.—Andre De Garroschi, the Russian, who was arrested ten days ago in New York City upon his return from Paris, presumably at the instigation of Russia, has returned here and is now at his home near New London Academy, where he owns an estate. Mr. De Garroschi believes his arrest was a case of mistaken identity, but the thing he regrets more than any other phase of the trouble was the notoriety which came to him after being detained in New York.

PYTHIAN OFFICIALS PAY VISIT TO DANVILLE LODGE.

(Special to The Times-Dispatch.) Danville, Va., October 31.—Charles O. Saville, of Richmond, grand chancellor of the Danville lodge of the Virginia Order of B. O. O. K., with George G. Hooper, royal viceroy of the B. O. O. K. at Richmond, paid a visit to the local lodge of Pythians here to-night and addressed the meeting. This was the first occasion to be held in the lodge rooms, which are to be thoroughly renovated, and the gathering to-night was one of the largest ever held, which was attended by a great number of Pythians.

Qualification, in Chancery.

The same parties, John D. Beatty and the Virginia Trust Company, qualified as administrators of the estate of Margaret B. Fennell. The estate is valued at \$5,000. The Virginia Trust Company qualified as guardian of Robert W. Fennell.

Nannie L. McCarthy qualified as administratrix of the estate of Dennis McCarthy. The estate is valued at \$1,000.

Mary C. Avery qualified as administratrix of James C. Avery. The estate is small.

MEN IN FLIGHT WILL MEET IN AIR

Tucson, Ariz., October 31.—For the first time in history, men in flight across the continent will meet in the air Wednesday. Tucson will mark the aerial "siding" for the aviators, Robert C. Fowler, who is already here, and C. P. Rodgers, who is in flight from El Paso.

Repairs to Fowler's flying machine, damaged in landing yesterday, were delayed here so long that his plan of leaving for Benson and Bowie had to be abandoned. He will be ready to-morrow, and when Rodgers is here, as a speech in the ether, Fowler will rise and hail him as the two pass in the air.

Rodgers Passes Over Bowie.

Bowie, Ariz., October 31.—Traveling at high speed, Aviator C. P. Rodgers entered Arizona on the last leg of his ocean-to-ocean flight, and passed over Bowie at 1:00 o'clock this afternoon. His altitude was about 300 feet.

Lands at Wilcox.

Wilcox, Ariz., October 31.—Aviator C. P. Rodgers landed here at 4:15 o'clock this afternoon on his trans-continental flight, having covered 3,125 miles from New York.

Leaving El Paso, Tex., at 3:17 o'clock this morning, Rodgers made a brief stop at Deming, N. M., for luncheon, landed at Lordsburg, and covered 222 miles from the Texas city to Wilcox in 24 minutes. Rodgers plans to get away early to-morrow for Tucson.

TORNADO VISITS TEXAS

Town of Thelma Practically Destroyed and Two Persons Hurt.

San Antonio, Tex., October 31.—The town of Thelma, eighteen miles south of San Antonio, was practically destroyed, two persons were killed, and great damage, the amount of which has not been stated, has been done by a tornado yesterday, according to news received here to-day. A number of thrilling escapes are reported.

NICKELS NOT COUNTERFEIT

Reports in Circulation Cause Business Much Inconvenience.

Washington, October 31.—Hundreds of inquiries from all sections of the country are being received at the Treasury Department from those persons who have believed recent reports that all nickels dated 1910 are counterfeit. The reports were spread persistently in the West and South, and are being circulated in the East, occasioning banks and business much inconvenience.

There are 30,000,000 nickels of 1910 in circulation, and so far as the Treasury knows all are genuine. Some of the reports indicate that Mayor George Alexander, nominee of the Republican "Good Government" forces, and Job Harriman, Socialist candidate, will make the race for Mayor. Both will fall far short of a majority on account of the strong support given by Muehl. A majority vote in the primary would elect.

DOCTORS ADVISED THE HOSPITAL

Mrs. Herberger, Who Would Not Consent to Go There, Finally Relieved at Home.

St. Louis, Mo.—Mrs. Mary Herberger, of this city, says: "I was sick in bed for ten weeks with womanly troubles, and had four of the best doctors waiting on me.

Every one of them said I would have to go to the hospital and have an operation, but I would not consent to that.

I thought I would give Cardui a trial. When I began to take the first bottle I could not turn over in bed, but had to be lifted.

Before I finished the first bottle my pains were leaving me slowly, and soon I was out of bed and walking around.

My pains have not come back since. I weigh 155 lbs. and feel fine. Cardui saved me from an operation. I am going to keep it in the house, for I would not be without it."

Cardui's strengthening effects quickly show themselves in many different ways. This is because the ingredients from which it is made go to the source of the trouble, and by acting specifically on the cause, relieve or cure and help bring back health and strength.

In the past 50 years more than a million women have been benefited by Cardui. Just try it.

Great Kidney Remedy Saves Two Children in One Family

About one year ago two of my children suffered badly from weak kidneys and diabetes. They would have severe spells of dizziness and were all run down in health. I was just about discouraged. Several remedies and finally a doctor, but they did not seem to improve. I knew of a friend who was taking Swamp-Root for kidney trouble with good results, and I decided to get some for the children. I had noticed that there was some improvement after they had taken two large bottles, and continued to give it to them until they had taken one-half dozen bottles and were well on the road to recovery. I think Dr. Kilmer's Swamp-Root has done more for my children than any other medicine I have tried, and recommend it to any one having children that suffer as mine did.

Very truly yours,

R. W. LISENBY,

Dothan, Ala.

Personally appeared before me, this 2d day of July, 1909, R. W. Lisenby, who subscribed to the above statement, and made oath that the same is true in substance and fact.

MOVEMENT INDORSED

Murray Pledges Co-operation to Clearing House Associations.

Washington, October 31.—The movement of clearing house associations to appoint examiners to inquire into the condition of the banks composing them, which is spreading over the country, has received the endorsement of the Comptroller of the Currency Murray to-day.

"In my opinion, it is a splendid movement, and I am for it earnestly," he said.

For the successful working of the scheme, the comptroller advocated that the work should be done as essentially:

First, a competent examiner, with the confidence of every bank; and, secondly, an efficient clearing house committee to accept action when unsafe or dangerous conditions are reported. Mr. Murray pledged his co-operation to these committees.

AVIATORS STILL STRANDED

Awaiting Arrival of Mechanician With New Batteries.

Newport News, Va., October 31.—Lieutenants Ellison and Tower, the naval aviators, who yesterday attempted a return flight from Old Point to Annapolis in their hydro-aeroplane, and who were forced to descend at Neck, near the mouth of York River, after covering twenty miles, are still stranded. The young naval officers were awaiting the arrival of a mechanic from Annapolis with new batteries for their engine at the latest report, and it is thought they will likely not be ready to resume the return flight until tomorrow afternoon. From a York River fisherman it was learned to-day that the batteries on the engine of the air plane had become so hot that they nearly melted after leaving Old Point, and it was for this reason that the aviators were forced to land.

EGGS COOKED IN TRANSIT

Steam Turned Into Pipe Leading From Up-to-Date Henner.

Winsted, Conn., October 31.—B. E. Moore, of this place, claims to have the most up-to-date henner in the world. The framework of the building is of pipes, which are filled with steam, and automatically keep the house at an even temperature and act as a brooder. The eggs empty into a storage tank, from which the water is piped to a trough automatically regulated.

An alarm clock in a room over the henner releases a lever at feeding time and allows sufficient grain for the birds.

TERRORIZED BY BURGLARS

Hudson Valley, New York, Visited by Gang in Auto.

Poughkeepsie, N. Y., October 31.—A gang of burglars in a big automobile has been spreading terror in the Hudson Valley, and because of the many robberies which have been reported in the last ten days, the authorities of many villages have additional deputy sheriffs on duty every night. Three robberies in as many nights is the record in Dutchess county, following a series of robberies by the same band, it is believed, in Columbia county. The burglars are paying particular attention to railway stations, post-offices and jewelry stores.

At Rhinecliff, Pleasant Valley and Little Red the robbers entered as many as ten places. At Pleasant Valley Lela Hoctor, daughter of the proprietor of Hoctor's Hotel, heard the burglars at work, but, fearing that they might kill any one who interfered, she waited until they had run out of the back door and disappeared in their machine before she gave the alarm. At the Central New England and Railway station at Pleasant Valley the robbers got away with several hundred dollars in money.
